BS in Computer Science (Software Engineering Concentration, 2010-2011 Catalog)

First time freshman students admitted to ASU for the 2010-2011 academic year must complete critical requirements to progress toward graduation. Please work with a CIDSE advisor if you have any questions about critical requirements.

Notes: ** See CIDSE Advising Center or CIDSE Website (cidse.engineering.asu.edu) for approved technical electives, lab science sequence options, and software engineering electives.
* Designates critical requirements for CS admits in the 2009-2010 academic year. Minimum 'C' grade required in all CSE courses.
Prerequisite Co-requisite
