APPLICATION PROCESS FOR THE CIDSE 4+1 PROGRAM

(Check-List)

☐ Meet with your CIDSE undergraduate Academic Advisor

☐ Work with a Graduate Advisor and submit an iPOS (individualized program of study) as part of the application

☐ Complete the 4+1 Program Course Proposal Form with your CIDSE Advisor which identifies up to three (3) courses to be shared for both degrees per the i-POS developed with the graduate advisor. i-POS for Industrial Engineering must map out a plan to complete the Master’s program within one year of graduation from the Bachelor’s program.

☐ Secure recommendations from CIDSE faculty (Recommendation Form provided by CIDSE Advisor)

☐ Submit to your CIDSE Advisor your Statement of Purpose (1-2 page document outlining why you want to pursue a master’s degree)

ADDITIONAL INFORMATION:

- Applications will be reviewed after all components are received: 4+1 Program Proposal Form, Recommendation Forms, i-POS, and Statement of Purpose.
- Accepted students will be notified by CIDSE Advisor via e-mail and will need to follow the next steps in the process which includes applying to ASU’s Graduate College and paying the Graduate College application fee.
- NOTE: International Students with an F1 Visa will need to provide another Financial Guarantee to ASU’s Graduate College prior to advancing into the master’s program (after BS/BSE degree is completed and conferred by ASU’s Graduation Office). International students also need to complete 90 credit hours before their English competency can be waived.
